A 3D perspective diagram of a wooden deck with a railing system. The deck is elevated on wooden posts. The railing consists of a black metal handrail, vertical balusters, and a wooden base rail. The diagram labels the following post types:

- End Post:** Located at the corners of the deck and at the top of the stairs.
- Line Post:** Located along the edge of the deck railing.
- Corner Post:** Located at the corner of the deck railing.
- Blank Post:** Located at the bottom of the stairs and at the end of the deck railing.

- ☐ End Post
- ☐ Line Post (*required every 6 ft*)
- ☐ Corner Post
- ☐ Blank Post
- ☐ Rail (12 ft)
- ☐ Rail (6 ft)
- ☐ Picket Packs (12 ft)
- ☐ Picket Packs (6 ft)

This image shows a full page of blank graph paper. The grid consists of small, uniform squares formed by thin, light gray lines. There are no margins, text, or other markings on the page.
